Experience

CEO/President
Dec 2013 - Dec 2014

Pied Piper · Palo Alto, CA

Pied Piper is a multi-platform technology based on a proprietary universal compression algorithm that has consistently fielded high Weisman Scores™ that are not merely competitive, but approach the theoretical limit of lossless compression.

· Build an algorithm for artist to detect if their music was violating copy right infringement laws
· Successfully won Techcrunch Disrupt
· Optimized an algorithm that holds the current world record for Weisman Scores

Projects

Miss Direction · Team lead and Designer

A mapping engine that misguides you

· Won award at AIHacks 2016
· Built by all women team of newbie programmers
· Using modern technologies such as GoogleMaps, Chrome Extension and Javascript

Skills

Web Development
